

SAVE THE DATE – TOPOCK PROJECT OPEN HOUSE

April 17 & 18, 2018

**Learn about upcoming construction of the groundwater remedy
at and near the Topock Compressor Station**

Tuesday, April 17, 5:00pm-7:00pm
Needles Regional Senior Center
1699 Bailey Ave, Needles, CA 92363

Wednesday, April 18, 5:00pm-7:00pm
Golden Shores Community Recreation Center
13136 Cove Parkway, Topock, AZ 86436

Construction of the groundwater remediation project is scheduled to begin later this year. Join us in an informal open house setting to learn more.

Posters, project experts, and a hands-on 3D physical model will be available to help you understand the project and how it will be implemented at and near PG&E's Topock Compressor Station.

The events are hosted by the U.S. Dept. of the Interior (DOI), with support from the California Dept. of Toxic Substances Control (DTSC), PG&E, and others.

For more information, please contact:
